CENTRAL INTELLIGENCE AGENCY  
Washington, D. C.

25X1A

NOTICE  
NO. [REDACTED]

30 January 1953

SUBJECT: 1953 Heart Fund Campaign

1. The Heart Fund Campaign for this Agency will be conducted 1 February through 28 February 1953.

2. The Heart Fund Campaign is the organized effort to combat diseases of the heart which are the leading causes of death in the United States. Contributions are used for research into the diagnosis, treatment, and prevention of heart disease. Education, both lay and professional, in methods of combatting this disease, and community service, such as cardiac clinics, job placement of industrial workers with heart disease, and coordination of medical, nursing, welfare, and other services, are assisted by these funds. Agency members are urged to contribute to this worthy Campaign.

3. Contributions may be placed in the plastic hearts distributed throughout the Agency. The Personnel Relations Branches, Personnel Office, have been designated to collect and forward your contributions.
